

THE OPTIMAL SOLUTION FOR NORMOTHERMIA MANAGEMENT

ThermoWrap is an integral part of the Allon system. The Wrap comes in various sizes and shapes to meet the needs of any surgical procedure. The Wrap covers the Patient in a suit-like matter, fastened with Hook & Loop strips which can be adjusted easily without impairing its use. Water Channels in the Wrap grant a constant flow of water to facilitate energy transfer to the Patient. The Water Temperature is regulated according to feedback from Core and Surface Temperature Sensors placed on the Patient.
